Star gazing

One of the most spectacular wonders to be seen in South Africa is the night sky, and Saragossa Game Reserve is the ideal location to experience it. Star gazing is done at the top of Saragossa mountain or from the field in front of the lodge and *can* also be incorporated on night drives. Although the winter months may be colder, they offer even better viewing as heat and dust are greatly reduced in the atmosphere, making for a clearer sky.

Spa and Wellness

The beauty of the land teams up with the sophisticated pampering of a health spa. We do not yet have our own spa, but can organize massage treatments in the nearby hotel. Revive both your body and soul with this luxurious taste of Africa.
